-School Updates:

- School Lunch- Met with Twin Rivers for options. Next year lunch options that are liked will be on menu more often. EPIC is excused from 3 part sink, but looking into it more. Portioning well to ensure there's enough food for middle school.
- WASC 3 year initial accreditation. When they come back in 4 years it will be work and will need support from a lot of people.
- Playground Still waiting to hear back. Will talk more next year.
- Summer School 4 weeks. A lot of teachers interested, fully staffed. Recommendations from teachers will be filled first, then any parents who want to attend will be placed last. Four different summer classes (K/1, 2/3, 4/5, 6/7/8).

-LCAP:

- \$831,661 in total. Break down is listed on budget worksheet. Submitted & approved already.
- Future Meeting Agenda Items (Next Year):
 - Ensuring we have teachers and not subs for next year (staffing).
 - Lunch
 - Playground
 - Orientation for all grades instead of back to school night. Possibly night before first day of school.

-Public Comments:

Parents concerned with 4A. Students missing work. Some left in backpack and not turned in. Making copies of work missing for opportunity to redo it and turn it in. Miscommunication on whether work is actually being turned in by students or not. Mr. Owes is working with substitute to ensure students are turning in their work and getting credit for it. Some are being given many chances to turn it in and extra days to do so and still not turning in. Nina is working with students on completing missing work and all missing work is due this Friday morning. Progress reports being done weekly with this class.
