## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)
Schoolwide Program
Comprehensive Support and Improvement

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.
EPIC has built all of the required SPSA categorical finds (Title I, II, III, IV, CSI) into the school's LCAP and reviews and modifies the LCAP on an annual basis. Goals relating to the SPSA categorical funds are aligned with the 4 EPIC LCAP goals. Progress toward the goals is reviewed monthly at EPIC school leadership teams and at all EPIC School Site Council/ELAC/DELAC meetings.

## Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the schoolyear, and a summary of results from the survey(s).
EPIC implements annual surveys to staff and parents to determine strengths and weaknesses of our academic program, school culture and parent engagement programs. The school culture survey is implemented annually at all Gateway Community Charters schools and is an important tool for reflection as well as an important part of the administrator evaluation process. The survey is used as a tool to set benchmarks with staff as to how we can improve the EPIC school culture. Also, EPIC implements an annual Parent Survey created by School Site Council/ELAC/DELAC to obtain important feedback on school programs. The feedback from these surveys is used in the development of EPIC's LCAP. Overall, the results of the two surveys show that EPIC staff and parents are generally satisfied with the EPIC school culture, parent engagement programs, and academic program.

The EPIC staff also completed culture surveys through the Surveymonkey website. That results show that:
$76 \%$ of staff believe the school culture is one of trust and respect between staff members
$78 \%$ of staff believe there is trust and respect between staff and parents
$75 \%$ of staff believe the school values and utilizes parent involvement
$81 \%$ of staff believe the school staff embraces change
81\% or staff believe the school staff embraces collaboration
$72 \%$ or staff believe the school staff embraces diversity
$96 \%$ of parents believe that students have access to sufficient resources and materials for learning
89\%of parents believe that the EPIC school facility is safe and in good repair
$80 \%$ of parents believe that EPIC prepares students to be college and career ready
$96 \%$ of parents are aware of the disciplinary rules and procedures pertaining to students at EPIC
$97 \%$ of families feel welcome and greeted when they visit EPIC
95\% of students indicated that they feel safe at EPIC
$97 \%$ of families believe that they can easily communicate with staff via email, telephone, and/or conference

The overall results of the survey show that EPIC families and staff generally believe that the EPIC school culture and academic programs are strong. The surveys also show that some EPIC staff member believe that the school could be more culturally diverse and that parent involvement could improve, which can be linked to the goals contained within this plan.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.
Teachers who have been employees of Gateway Community Charters for more than 5 years are evaluated every two years. All other teachers are evaluated every year. Teachers receive one to four scheduled observations and numerous unscheduled visits throughout the school year. Findings
will show teacher implementation of adopted curriculum, overall strong classroom management, use of assessment to drive instruction, and use of required teaching strategies and technology to provide a safe, nurturing environment for learning.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)
Regarding state-mandated assessments, EPIC has three years of CAASPP data in
English/Language Arts and Mathematics and ELPAC state data upon which to base school wide goals. In addition to state mandated testing, EPIC also tests all students grades TK-8 three times a year using Renaissance STAR tests for English Language Arts and Mathematics. Teachers regularly analyze their student data from all of the assessments individually and in grade level professional learning communities. Teachers use the test data results to modify instruction, target instruction, create leveled groupings for ELA and Math in classrooms, as well as to work with students to set individual goals. Administration uses the testing results to guide the LCAP and school-wide program as well as to create school-wide intervention programs in ELA and math for students who are below grade level.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)
Curriculum embedded assessments are administered at regular intervals in all of our CORE subject areas - ELA and mathematics in particular and the data received by them is analyzed regularly in grade level Professional Learning Communities (PLCs). Administration and teachers review assessment results to determine trends or needs by teacher, student or grade level at least twice a month. The data gathered from curriculum-embedded assessments is also used during teacher collaboration time to identify students at risk and to plan instruction and/or reteaching. Teachers work as a grade level team to analyze student data, develop curriculum, and discuss best teaching practices and student needs. These results are more specific that the nationally-normed
Renaissance testing and pinpoint specific skills needed by students, which then can be addressed during small group lessons.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)
All Empowering Possibilities International Charter School staff are highly qualified per ESEA.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)
Teachers are provided SBE-adopted curriculum and have curriculum training in both English Language Arts and Math.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)
Staff development is aligned to the EPIC Coherent Instructional Framework, which includes GCC initiatives and school and teacher needs. Student performance data, principal observations, and teacher input help determine need for professional development. All EPIC staff have been trained in the implementation of California Standards for ELA and Mathematics. The focus of recent professional learning include: Mathematics instruction best practices, NGSS training, Guided Language Acquisition and Design (GLAD) to assist with teaching our large number of English Learners, Social-Emotional Learning, technology training, Equity work with Hanover Group, and training in International Baccalaureate (IB) best practices, as EPIC is an Authorized IB school.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)
EPIC's Principal, Vice-Principal, and Site Administrator observe and support teachers regarding curriculum and instructional techniques. For our IB work, EPIC has a PYP and MYP coordinator to assist teachers with the work. EPIC also has three Lead Teachers who serve as support for classroom and elective teachers. New teachers are provided SCOE Teacher Induction coaches and attend county sponsored professional development workshops. Teachers have staff support as well with a full time RSP teacher, and Title I/EL paraeducators who push into classrooms for instructional support. EPIC provides monthly opportunities through our PLC groups for teachers to collaborate and provide the "informal" support that most teachers find valuable.

Teacher collaboration by grade level (kindergarten through grade eight [K-8]) and department (grades nine through twelve) (EPC)
Our TK-8 teachers participate in Professional Learning Community (PLC) meetings three times a month for curriculum planning including reflection, curriculum alignment, integration of subjects, and student support and intervention. Much of our IB work has been accomplished through these PLCs. The principal, vice principal and site administrator rotate through the teacher meetings to offer support and guidance. The EPIC staff greatly values collaboration and the administrative team integrates collaborative structures into professional learning as much as possible.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA) All teachers use state adopted textbooks and supplementary materials that align with CA Standards, IB profiles and framework, grade level expectations, and pacing charts. Teachers prepare weekly lesson plans for all grade levels and subjects. Support structures are aligned with standards-basedinstruction and IB expectations. EPIC has a math and ELA intervention program for grades TK-8 called SuccessMaker. This program supports Common Core. EPIC utilizes Rosetta Stone as a support program for English language and foreign language instruction which aligns with IB expectations. EPIC also has 6 credentialed teachers who support our students twice a week after school for tutoring services in English language arts and mathematics.

Adherence to recommended instructional minutes for reading/language arts and mathematics ( $\mathrm{K}-8$ ) (EPC)
Our school follows the California Framework for recommended instructional minutes. Every teacher has a daily plan to ensure that students receive the appropriate amount of instructional time for each subject.

Lesson pacing schedule ( $\mathrm{K}-8$ ) and master schedule flexibility for sufficient numbers of intervention courses (EPC)
Teachers are expected to follow the pacing guides that have been co-created by teachers with EPIC administrative guidance. The master schedule allows enough flexibility for intervention at all grade levels. Each grade level receives daily intervention services. Also, there is a significant after-school intervention program in ELA and mathematics at EPIC.

Availability of standards-based instructional materials appropriate to all student groups (ESEA) All standards-based instructional materials are available to all student groups.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)
All curriculum at EPIC is SBE-adopted and aligns to the CA Standards. Teachers utilize standardsbased supplemental materials to enhance the SBE-adopted materials.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)
All students receive standards-based instruction at their appropriate grade level. In classrooms, teachers provide additional access to the curriculum through SuccessMaker or small group instruction. During reading and math, students are grouped by instructional level, assessed and regrouped appropriately. Teachers examine student assessment data and meet at grade level to ensure that students are mastering standards. They also determine student needs, adjust instruction and plan reteaching. When students are not making sufficient progress at grade level, teachers must refer them to the Student Study Team. This team meets to determine best practices for support individual students in collaboration with the family. This team also monitors student progress per the team suggestions.

EPIC utilizes a full-inclusion model for special education services and pulls out individual students for additional instruction as per their IEP.

Evidence-based educational practices to raise student achievement
EPIC utilizes research-based practices as follows: Explicit Direct Instruction, Specially Designed Academic Instruction in English, Capturing Kids' Hearts, Guided Language Acquisition and Design (GLAD), Rosetta Stone, Social Emotional Learning (CASEL Model), Math Matters, International Baccalaureate and differentiated instruction.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)
District, community, family, and school resources available to assist underachieving students:
District Nurse
Resource Specialist Teacher
Instructional Assistants
Translators
Parent volunteers
Intervention program
After school program
Parent Liaison Services
Our school communicates with parents through:
School web site
Teacher web pages
Twitter Account
Grades online
Report Card every trimester
Progress reports at mid-trimester
Back to School Night
Coffee with the Administration
Parent Teacher Conferences
School Site Council
English Learner Advisory Committee
School Newsletter
Teacher Newsletters
Parent Liaison Communications

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)
Our School Site Council and English Learner Advisory Committee meets regularly and meets requirements for parity. At meetings, we review the current school program and school achievement data, set school wide goals, plan budget, and monitor and evaluate goals. Each year, the SSC/ELAC/DELAC is trained in their roles and responsibilities. In 2019, EPIC successfully underwent a Federal Program Monitoring (FPM) and no findings in EL or Title I programs.

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)
All of the funds that are included in this SPSA are aligned under EPIC's four LCAP goals.
Categorical services focus on the underperforming students at this school. Title I funds are used to employ paraprofessionals to assist low performing students and a parent liaison to engage the families of low performing students. Title II funds are used for International Baccalaureate training, which helps engage and challenge our underperforming students. Title III funds are used to fund paraprofessionals who support English Learners as well as for books to support immigrant students. Title IV funds are used to fund an additional paraprofessional for our after school program, which supports after school tutoring programs and engages students through recreational opportunities. CSI funds are used to provide training to teachers in Project Glad, Capturing Kids Hearts, Mathematics PD, school-wide improvement efforts, and International Baccalaureate - all important programs that engage underperforming students in different ways, whether academically, or to support the positive school culture that is vital for student learning and engagement.

Fiscal support (EPC)
Title I, Title II, Title III, Title IV, CSI

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

## Involvement Process for the SPSA and Annual Review and Update

The SPSA was drafted by the administrative team, reviewed by the EPIC school leadership team, and adopted by the EPIC School Site Counci//ELAC/DELAC on November 3, 2020

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.
There were no resource inequities identified as a result of the required needs assessment.

## Conclusions based on this data:

1. EPIC is seeing steady enrollment growth
2. Cultural diversity is slowing increasing at EPIC, but is not at the level we are stiving for
3. The number of African American students at EPIC has increased

| Reclassified Fluent English Proficient (RFEP) | 30 | 14 | 59 | 12.1\% | 5.1\% | 21.2\% |

Conclusions based on this data:

1. The number of English Learners is declining at EPIC, but they still make up the majority of EPIC students
2. The number of Fluent English Proficient (FEP) students is Increasing at EPIC
3. The number of Reclassified Fluent English Proficient (RFEP) students at EPIC is increasing dramatically

## Conclusions based on this data:

1. The \# of students Meeting/Exceeding the Standard in 2018-2019 in English/Language Arts increased about 1\%, which is a gain, but is not a large enough gain for us to be satisfied with
2. In 2018-2019 5th and 8th grade ELA scores are significantly lower than the other grade levels, which is worth investigating
3. While there was a slight decrease for all students Above Standard in all domains, significant work must be done to bridge the gap on the Research/Inquiry Domain

## Conclusions based on this data:

1. For 18-19, the \% of students Exceeding the Standard Increased, while the \% of students Meeting the Standard decreased dramatically. Overall EPIC has less students Meeting/Exceeding the Standard in 18-19 and math has been determined as a focus area
2. For 18 -19, EPIC students in grades 5 and 6 stood out as grades having lower $\%$ of students Meeting the Standard, which led to more data analysis regarding classroom instructional practices and individual student data analysis for placement into into school intervention programs
3. For 18-19, Concepts and Procedures and Communicating Reasoning saw that biggest decline as strand areas, so EPIC will consider these when designing math curriculum and implementing instructional practices

## Conclusions based on this data:

1. For the most part students in levels $2 / 3$ and in the somewhat/moderately performance levels made growth from 1718 to 18-19.
2. The number of ELL students at EPIC decreases as the grade level increases with the exception of a jump at grade 7.
3. The total number of students taking the ELPAC assessment has decreased.

## Conclusions based on this data:

1. In 2018-2019, The overwhelming majority (over 70\%) of EPIC students are Socioeconomically Disadvantaged English Learners.
2. In 2018-2019, EPIC had a relatively small percentage (2.6\%) of special education students.
3. In 2018-2019, $97 \%$ of EPIC students were white and EPIC has been working hard to reach out to families to increate the campus cultural diversity.

## Conclusions based on this data:

1. English Language Arts and Mathematics are Orange and have been addressed in our CSI plan with targeted goals and strategies to improve these indicators.
2. Chronic Absenteeism is a problem at EPIC, and it addressed in our CSI plan with targeted goals and strategies to improve this indicator.
3. While EPIC's suspension rate has historically been low, there was an uptick in suspensions in 18-19 that led to the Red indicator. While Red for 18-19, the suspension rate was close to the state average. For 19-20, EPIC's suspension rate normalized so we anticipate this indicator returning to normal.

## Conclusions based on this data:

1. For 18-19, English Learners are making strong gains on CAASPP as seen by the Yellow Indicator. School-wide EPIC was Orange for 18-19.
2. For 18-19, EPIC students did improve on CAASPP as a whole, but did not improve enough, hence the Orange Indicator. Goals and Strategies to improve ELA have been written into our CSI Plan.
3. For 18-19, EPIC Reclassified English Learners improved slightly, but are doing very well overall at 23.6 points above the standard.

## Conclusions based on this data:

1. On the 2018-2019 CA School Dashboard, all subgroups declined in math on the CA School Dashboard. Mathematics will continue to be a focus area at EPIC.
2. Reclassified English Learners are the only group that is above the standard in math, and they also saw a performance increase in 2018-2019.
3. Current English Learners declined significantly, and a special focus must be placed on mathematics achievement for this group of students.

## Conclusions based on this data:

1. In 2018-2019, EPIC had a large spike in suspensions but the number is still around the state average.
2. The rise in suspensions occurred in the Students with Disabilities subgroup, which is a problem that will be addressed.
3. In 2019-2020, where there was no dashboard, the suspension rate would have normalized to be around $1 \%$, which is typical at EPIC.

## Goals, Strategies, \& Proposed Expenditures

Complete a copy of the following table for each of the school's goals. Duplicate the table as needed.

## Goal Subject

English Language Learner Achievement

## LEA/LCAP Goal

EPIC will increase the percentage of students who will move up a level on the English Language Proficiency Exam (ELPAC) each year, which will demonstrate the success of EPIC English Learner programs.

## Goal 1

EPIC will increase the percentage of students who will move up a level on the English Language Proficiency Exam (ELPAC) each year, which will demonstrate the success of EPIC English Learner programs.

## Identified Need

EL students make up approximately 70\% of the EPIC student population and it is imperative for them to develop their English skill to promote college/career readiness.

## Annual Measurable Outcomes

## Metric/Indicator

The percentage of EPIC ELL students making one level of progress toward English language proficiency will increase by $3 \%$ annually.

Baseline/Actual Outcome
55.1 \% of EL Students made one level of progress based on the 18-19 ELPAC.

## Expected Outcome

$58.1 \%$ of EL Students will make one level of progress based on the next ELPAC.

Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

## Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.
The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:
Signature Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 11/03/20.
Attested:

Principal, Dr. Jerry Kosch on 11.3.20

SSC Chairperson, Masha Vorobyova on 11.3.20
